

## Mathematics Wizard, Anand Kumar at DPS Bokaro

Career aspiring Class XI students of DPS, Bokaro were motivated by the simple thoughts and talk by the renowned Indian Mathematician Anand Kumar the Guest Speaker at Kalidas Kala Bhavan on Friday, 4 March 2016.

An inspiring youth icon living the principle of simple living and high thinking Anand Kumar talked about the stories of his students who came from underprivileged sections of the society and said that the mantra to success are tremendous thirst for the subject, positive thinking, persistent hard work and immense patience.

Best known for his Super 30 programme, he has been conferred with Ramanujan Mathematics Award, Honorary Doctorate of Science ( Coimbatore Univ.), Maharishi Ved Vyas Award, Maulana Abdul Kalam Shiksha Puruskar and others. He has also received invitation from the prestigious Massachusetts Institute of Technology (MIT) and Harvard University as guest speaker. He is also featured in the prestigious UK based magazine Monocle among the list of 20 pioneering teachers of the World.

He presented his humble beginning, his struggles and urged the students to feel enlightened within to become successful. He also interacted with students and answered their queries. He said that he was impressed by the school, he appreciated the efforts of Dr. Hemlata S. Mohan in making the school as one of the best in the country and above all he was awed by the charismatic personality of Dr. Mohan.

Dr. Hemlata S. Mohan, Director & Principal DPS, Bokaro thanked Mr. Anand for his benign presence, one to one talk with the students and said that his very presence would urge them to work hard towards excellence. She said that this kind of programmes are beneficial for the students which is imperative for growth in any field and help them decide the future course of career in their lives.
